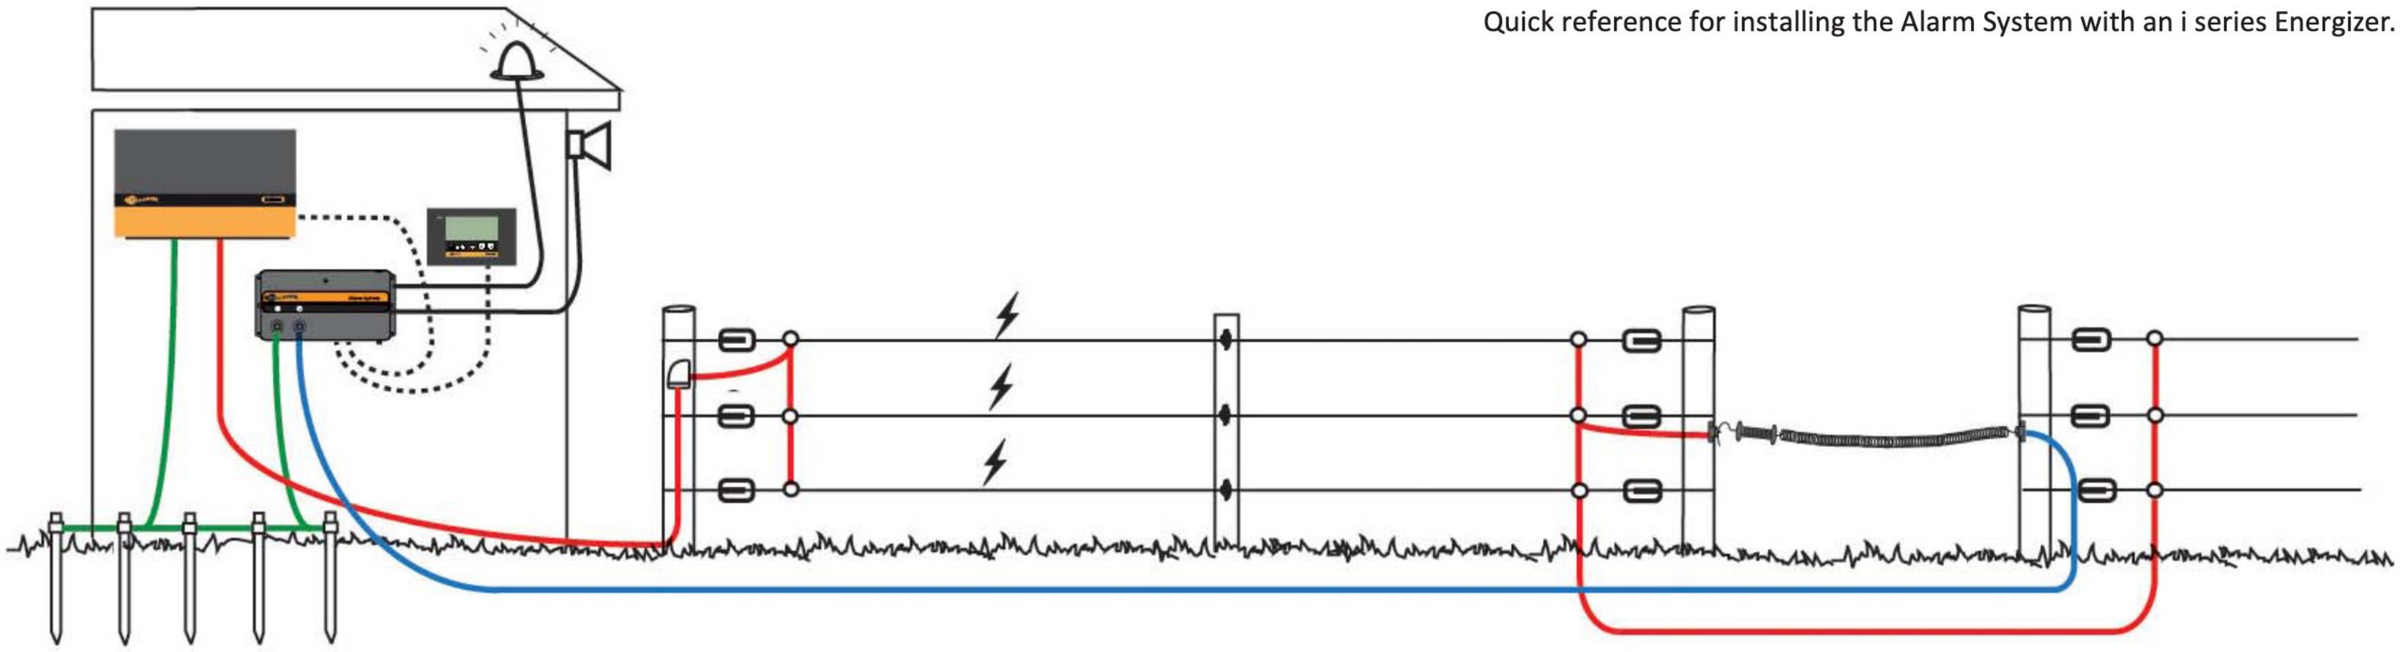
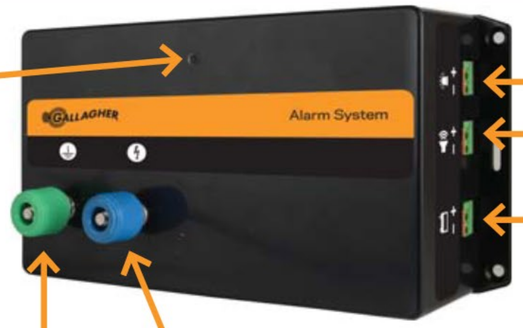
ALARM SYSTEM QUICK START GUIDE

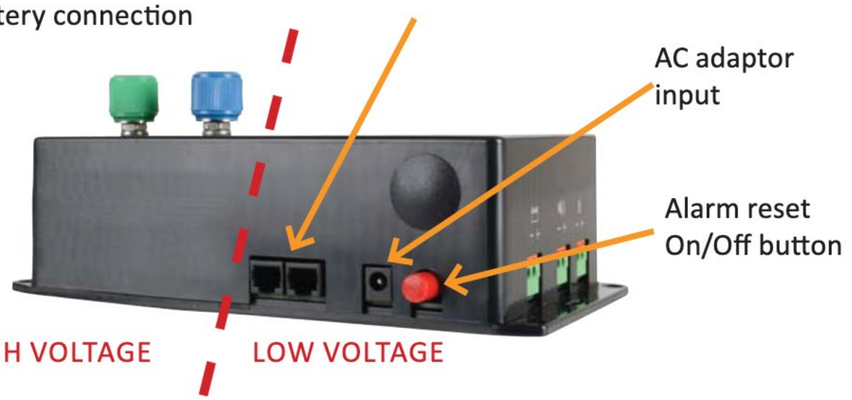
GATE ALARM EXAMPLE

Quick reference for installing the Alarm System with an i series Energizer.



ALARM SYSTEM





Note
The Alarm System is set to zone 6 by default. To change this or other settings, refer to the Alarm System User Manual.

ADJUSTING ALARM LEVEL

1. Select zone 6 using arrow buttons.
2. Press settings button.
3. Choose alarm alert voltage using ⊖ ⊕ buttons.
4. Press settings button to confirm.
